From the Principal

Last week I had the pleasure of listening to one of the world leading academics on school reform Pasi Sahlsberg who was presenting at the Tasmanian Principal Association Conference. Pasi spoke about the need for simplicity in schools and education systems in an age when life can be complicated and feel rushed. He spoke also about the need for equity across our systems where students can access the right support tailored to their individual needs.

I also met with representatives from TASSAL and ABCN (Australian Business and Community Networks) to begin organising our Business Class partnership. This partnership will be for at least three years where we will have mentors from all areas of TASSAL come and work with our students to assist them in being job ready, mentor them with their studies also to support them in being the best they can be. While it will be mainly with the High School students there will be whole school activities planned to support all of our students. This is an exciting time for us and we look forward to sharing our stories and events with the whole community.

This week we say farewell to one of our staff members Mr Vaughan-Williams. He has taken up a position as a

Numeracy coach at Campania District School. Mr Vaughan-Williams will be sorely missed and he has seen many students come and go throughout his ten years at Tasman District School. We wish him all the best with his new role. Mr Giblin will be taking his teaching role for the remainder of the year and we are waiting to confirm the AST for the Secondary school. For the remainder of Term 3 Ms Rachael Chesmer will be taking the Grade 7/8 STEM classes covering for Ms Evans on maternity leave.
