I had the immense pleasure this week of being able to inform one of our students that she has won the Frank MacDonald Memorial Prize. Frank MacDonald was a Tasmanian man who died in 2003 at the age of 107 as Tasmania’s last World War 1 veteran. The prize was awarded to just six students out of all Year 9 students in Tasmania, and based on the writing of a historical essay, followed by an interview for shortlisted applicants. Melanie Shoobridge was one of those six students, and will be heading off next year for a trip to France and Belgium to see the significant sites from the First World War. We are really excited for Melanie, and hope she has a wonderful time next year, it’s hard to think of a more deserving student.

With just one week left now until the end of term three, students are busy finishing off projects and handing in assignments. Parents may be contacted by Teachers if their child needs to get a wriggle on and finish work this week. The Year 10’s will be off to the Huon region next week on a Science based camp, visiting Hastings Caves, the Tahune Forests and Woodbridge Marine Discovery Centre. This is always a wonderful experience for our students, and I’m sure that they will enjoy it as much as previous years.

We have finally completed the selection process for the Grounds position at Tasman, and the successful applicant will be starting during the break. Many thanks to Bec Hull, Mel Batchelor, and Deb Bennett for their work in keeping the school clean and tidy this term while we went through the selection process.

The Tasman District School quiz night last weekend was a huge success and raised a considerable amount of money to feed the animals on the farm which bring so much pleasure to our students. Thanks to all who participated, and especially Jackie Brown and her amazing group of Ag students for organising the event.

Thanks also to the Pool Committee for getting the necessary repairs completed so that the Primary Water Safety Program can begin next week. It’s great that there are so many people in our community who are willing to donate their time to create opportunities for our students and support the school. This includes the P&F, who have been busy fundraising, and the School Association, who meet twice each term to help guide the direction of our school and provide an important communication link between our community and the school. Lastly, I should acknowledge the efforts of the volunteers involved in sports, such as basketball and netball, other community groups such as Lions and Rotary, and all of the parent helpers who give up their time to assist with activities and excursions.

Kind Regards, Ben Vaughan-Williams
Principal

Dodges Ferry Junior Sharks Football Club - This year has seen a talented group of Tasman boys playing footy with the Sharks in both the U10 and U14 age groups. The dedication shown by the boys and their families to regularly attend trainings and games is a credit to all involved and the players have been a welcome addition to the junior footy club.

Every game sees the boys grow in confidence and skill, with Jake B coming away winner of U14 best and fairest.

New players are always welcome to the club so if you’re interested in playing next year please contact Dan Bryan 0412 428 224.

Front row - Andrew S, Jake B, Declan B, Declan E (all U14)
Back row - Hayden S (U10), Nash C (U14), Cooper M (U14), William B (U10)

On Wednesday 4 September Year 11-12 students attended an excursion to Hobart and Drysdale House.

This excursion was generously supported by Tasman Rotary and Heather Henri, owner/operator of ‘Lets Show You Tasmania Tours’.

Heather collected the class and teachers from Tasman and took us on a professional tour of Hobart in her minibus, delivered us for our tour and lunch at Drysdale House, then collected us and delivered us back to the Peninsula.

It was a wonderful day and was wonderful for our students to see a professional view of our lovely capital city.

Carlin Little
Secondary Teacher

With one week left of Term 3 please check the school lost property which is over flowing with many missing items. Anything left at the end of Term 3 will be donated to the Nubeena Op Shop.
**Bendigo Bank Scholarship**

This new scholarship is being offered to a local young person to support their studies with $1000 of financial support as well as mentoring support. This scholarship is open to any young person (aged 16 – 25) in the community who plans to attend TAFE or University in 2020, or attend a training course through a registered training organisation. The Nubeena and Tasman Community Bank is passionate about helping local students and young people to study beyond the Tasman region to achieve their potential.

The Bank’s Scholarship Committee will consider all applications and then interview applicants and announce a winner at the Bank’s AGM 29 November 2019.

The applications are to be accompanied by at least one letter of support (from school, an employer or community member) and parental support for students under 18.

Scholarship funds will be paid into a Bendigo Bank account in the recipient’s name. It is expected that the successful applicant’s experiences will be shared with the community through the Community Bank’s marketing channels, including via social media.

**Rotary Scholarship**

For the past 20 years, Tasman District School students wishing to continue to senior secondary level or to attend tertiary institutions have been able to apply for Rotary Scholarships to assist them with the costs of their on-going education, including travel and living away from home expenses.

Successful Senior Secondary Scholarship applicants receive their scholarships for two years with the second year being dependent on evidence of a satisfactory Year 11 result being supplied to the Rotary club.

The Tertiary Scholarship is available to students residing in the Tasman Municipality who intend to continue their education after Year 12 at a TAFE, University or an equivalent tertiary institution.

This is also for two years with the second year dependent on satisfactory results being provided to the Rotary Club.

Application Forms and Selection Criteria are available from Rotarian, Marian Larner, by phoning 0419 505 820 or from the Tasman District School office.

**RYDA Road Safety Program**

On Wednesday 11 September, the Year 10 class went to The Hobart Showgrounds to participate in a road safety education program supported by Rotary Tasmania. We learned about several aspects of road safety including road rules, licence rules, and outcomes of speeding.

We also listened to stories of people who have been affected by transport accidents. One of the stories we were told involved a girl, who unfortunately was not able to be with us, but her family made a video to educate young road users. We would like to thank Rotary of Tasman for sponsoring our bus up there and the Rotary Tasmania volunteers who made the day happen. We believe this was an important program to participate in because it is relevant to our age group and may save our lives.
What a night!
Saturday was a fantastic night for the school farm, with our first quiz night going off with a bang. Thank-you to everyone who came along and supported our program. We raised over $1,700! Congratulations to all the winners on the night.

Thank-you to the Rose and Foster families, who came all the way down from Bagdad to do our catering, to our show team who were a brilliant help (as always) and to all our sponsors:

Osborne Heli Tours
Brian Mitchell
Rebecca White MP
Repco
Michelle Cornish - Harcourt's Signature
Port Arthur Historic Site, Tasmania
Bunnings Warehouse Australia (Mornington)
Denny Mechanical
White Beach Tourist Park
Stewarts Bay Lodge
Puddleduck Vineyard
Tassal - Our Community
Tasmanian Alkaloids
Rachael Treasure
Guy Barnett
Hobart Showground
Putters Adventure Golf

Without you all, it wouldn't be possible.
The students have been busy on the farm this week as 5 young piglets arrived on the farm. They are Saddleback X Large White. The weaners will be raised to porker size and then the meat will be sold. Mr. Cordwell, Tyson M and the Year 9/10 agriculture students have been busy building the pigs housing as soon two Saddleback sows will arrive.

The building materials for the pig housing are mainly recycled tin, donated wood and the sustainable food production class designed the structure to incorporate a disused water tank for the sows.
How it works

A farmer donates two dairy calves for a 3 week period to school.

Our cows are from Green Glory Holsteins at Broadmarsh.

Supplies and curriculum materials are provided to school at no cost from Dairy Australia.

An industry advocate visits the school and talks to students about their career pathway. Lesley Irvine from Dairy Tas visits us.

Students work in teams of 2 - 5 to complete assignments and assessment tasks.

The teams meet other students for the final competition to test their knowledge of the dairy industry.
Trust the Signs

Ask R U OK?

or something like this:
“How you travelling?”

No, I’m not OK.
Dig a bit deeper:
“What’s been happening?”
“How long has that been the case?”
“I’m ready to listen if you want to talk.”

Listen with an open mind

Encourage action and offer support:
“How can I help?”
“What would help take the pressure off?”
“What do you enjoy doing? Making time for that can really help.”
“Have you thought about seeing a professional?”

Yes, I’m fine.
But your gut says they’re not:
“It’s just that you don’t seem your old self lately.”
“I’m always here if you want to chat.”
“Is there someone else you’d rather talk to?”
